

# Viri Foam

<b>PRODUCT TYPE</b>	Pre-milking Teat Cleaner
<b>APPLICATION</b>	Viri Foam is a foaming udder wipe product for use immediately before milking. It is suitable for all kinds of milking animals. Viri Foam is suitable for use in foam cups, hand sprays and spraying equipment.
<b>PROPERTIES</b>	Viri Foam contains softening and other skin-care ingredients. The product effectively dissolves dirt and gently cleans the udder, reducing the risk of spreading bacteria and improving milking hygiene. It is also gentle on the hands of users.
<b>STORAGE</b>	Store in tightly closed original container. Store above freezing. Storage: 0°C → 25°C Durability: 24 months.
<b>SAFETY</b>	Please see the enclosed safety data sheet for information about handling and disposal. For professional users only.

## INSTRUCTIONS AND DOSAGE

Viri Foam is ready for use.  
Viri Foam is suitable for use in foam cups or spraying equipment.  
It should be applied to udders and teats before milking.  
Allow the product to act until the dirt is dissolved.  
Then wipe the udder with a clean, damp milking cloth.  
Always use a fresh, clean cloth for each animal.

Viri Foam can also be used to rinse/soak milking c
